NSF

Now NSF-7 & NSF-2 Certified!

*Maintains Critical Holding
Temperatures from 33° - 41° F*

Leave Your Product In the Cold and Keep Your Profits Flowing

Amtekco Industries, known as the Industry Leader in salad and food bars, proudly presents the NSF-7-certified "FLOW OVER".

This revolutionary top-to-bottom cooling system meets the new NSF-7 standards for food storage temperatures.

The "FLOW OVER" maintains a constant temperature because refrigeration coils beneath the product cool from below and circulate cold air to "flow" over the top of the product.

This air curtain provides critical holding temperatures for OPTIMAL freshness, quality, appearance and food safety.

Standard Benefits and Features:

- Maintains critical holding temperatures from 33° - 41° F
- Auto temperature control for maximum efficiency
- Remote or self-contained refrigeration to meet individual store needs
- Easy-to-clean laminate finishes to maintain look and reduce labor costs
- Sneezeguard constructed to NSF requirements to ensure product safety
- **Catch pan protector** provides easy cleanup and longer coil life
- Minimally recessed stainless steel pans allow for optimum product merchandising

Available Options:

- Customized sizes, finishes (solid surface materials, tile, laminate, granite, stainless) and configurations
- Complete your meal plan by incorporating hot food wells, soup wells, warming plates, etc.
- 6 different sneezeguard styles to choose from to complement your decor and design
- Hose reel for easy cleanup
- T-8 lights
