

The industry's most versatile, durable and easy-to-use produce merchandisers.

amtekco

A Wasserstrom Company

Manufacturers of Quality Products for the Food Marketing Industry

Durable, Versatile

Our Slant-Tops can change as quickly as your customers' preferences.

Staying on top of what your customers want, and how they want it, is the key to profitable produce merchandising. And, with customers' preferences changing more often and more rapidly than ever, it's critical you have a merchandising system that can easily adapt to countless merchandising configurations. The extremely versatile Amtekco Euro-style Slant-Top Merchandisers give you that ability. What's more, we've combined this versatility with the most rugged, safe, and easy-to-operate design features in the industry.

Our basic Slant-Top Merchandiser features include:

Beautiful solid red oak construction with a double coating of water-resistant clear lacquer sealant

Extremely rugged, fully-welded steel frame and cross rails

Four angle settings (0°, 10°, 20° and 30°) for optimum versatility

Uncompromising safety features including:

- Highly safe and secure Risk-Management-Approved slant-top locking mechanisms
- Secure position locking on pull-out front shelf
- All 4 casters equipped with locking mechanisms
- Extra heavy-duty construction can hold in excess of 1,500 lbs.

Available in 36" and 48" widths

Highly mobile unit makes resetting of department, cleaning and waxing of floors a breeze

Industry's easiest, one-handed angle modification

Over 30 options for the optimum in merchandising versatility

All solid red oak components screwed together

Arrives fully assembled

Tough rubber bumper guard protects against cart damage

Convenient front pull-out shelf extends a full 15" for even greater merchandising flexibility

Sturdy steel legs and angle supports

4 extra-rugged locking casters for added stability

Fully-welded frame and legs are finished with a tough, baked-on powder coating

Merchandisers Move

Create the illusion of mass with our beautiful oak Orchard Bins.

Mass sells produce. That's a fact. And, no other merchandiser can create the illusion of mass better, or with more style, than our highly popular solid red oak Orchard Bins.

Standard depths of 3" or 8".
Other depths available upon request

High pressure laminate interior surface for easy cleaning

Works great as a stand-alone, combined with other Orchard Bin merchandisers, or integrated with a permanent display

Heavy-duty, maintenance-free construction

Highly mobile unit makes resetting of department, cleaning and waxing of floors a breeze

Optional 4 extra-rugged locking casters for added stability

Beautiful solid red oak construction with a double coating of water-resistant clear lacquer sealant

All solid red oak components screwed together

Arrives fully assembled

Amtekco's Slant-Top and Orchard Bin Merchandisers allow you the flexibility to reset your produce department layout as often as needed to keep your department looking fresh, appealing and inviting.
