Tabletops

You've put a lot of effort into creating just the right atmosphere for your customers. You also want to make sure that the tabletops you select for all your seating areas perfectly complement and enhance this atmosphere. That's where Amtekco can help. With Amtekco as your seating supplier, you can choose from a virtually endless selection of tabletop shapes, sizes, edges, colors, inlay configurations and surface finishing materials. Furthermore, Amtekco, with over thirty-five years of seating design and manufacturing experience, will provide you with the most durable, long-lasting and cost-efficient tabletops in the industry today.

Millwork

With Amtekco as your seating supplier, you can furnish your entire seating area with just one call and ensure that it all works together. Not only is Amtekco one of the top names in seating, it is also one of the top names in the design and manufacturing of millwork items such as condiment stands, beverage counters, food bars, trash receptacles, divider walls, planter caps, comment boxes and anything else you need to complete your seating area. Additionally, Amtekco puts its unparalleled commitment to value and excellence in every millwork piece that it makes.

You can choose from hundreds of different chair options.

Booths, Chairs & Tabletop Bases

In addition to Amtekco's custom tabletop and millwork capabilities, the company also offers a huge selection of the highest quality booths, chairs and tabletop bases. So, whatever seating package need you have, Amtekco has the ultimate solution.

You can create the perfect booth for your needs:

- Upholstered Booths
- Wood Booths (Stained or Lacquered)
- Wall Benches

You can select the perfect tabletop base.

Call Amtekco today at 1-800-336-4677 to find the most affordable solutions — and the best value — for all of your needs!
